RE: Docket No. 2018-197-E – Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Construction and Operation of the Pepperhill – Summerville 230 kV Line, Williams – Pepperhill 230 Line Segment, Canadys – Faber Place 230 kV Line Segment, and Associated Facilities and Request for Like Facilities Determinations.

Dear Ms. Boyd:

By Order No. 2018-707, issued in Docket No. 2018-197-E and dated October 31, 2018, the Public Service Commission of South Carolina (“Commission”) granted Dominion Energy South Carolina, Inc. (“DESC” or “Company”) a Certificate of Environmental Compatibility and Public Convenience and Necessity for the construction and operation of the Pepperhill – Summerville 230 kV Line, Williams – Pepperhill 230 kV Line Segment, Canadys – Faber Place 230 kV Line Segment, and Associated Facilities in Berkeley and Charleston Counties. Pursuant to a Stipulation in the above-referenced docket, DESC agreed to notify the Commission and the South Carolina Office of Regulatory Staff (“ORS”) when the facilities began commercial operation and of any changes to the planned commercial operation dates of the lines. By letter dated October 8, 2019, DESC informed the Commission, among other things, that the Pepperhill – Summerville 230 kV Line, originally scheduled to be in service by May 1, 2020, was planned to be in service by January 1, 2021. By this letter and in compliance with terms of the Stipulation in Docket No. 2018-197-E, DESC hereby notifies the Commission that the Pepperhill – Summerville 230 kV Line entered commercial operation on December 17, 2020.

By copy of this letter and in compliance with the Stipulation, we are also providing ORS with notification of the commercial operation of the Pepperhill – Summerville 230 kV Line.

(Continued . . .)

The Honorable Jocelyn G. Boyd
